Relationship Management

Driven by perfection and committed to our credo – **First in Quality** and **First in Services** – **ZIMMER AUSTRIA** has become a worldwide leader among the producers of machines for textile and carpet finishing. But our success is also based on strong and solid rapports between our customers, suppliers and business partners.

Supplier Management

Long-term relationships between **ZIMMER AUSTRIA** and our carefully selected global suppliers are essential for the retention of our high quality standards. All our suppliers have to fulfil the requirements of our quality management system. Furthermore, most of the high-class materials required to produce our products are obtained from the EU sector. Therefore we are able to achieve a sustainable competitive advantage.

We work with highly competent suppliers, who are mainly producing in Europe. Their commitment to high quality makes a decisive contribution to the success of **ZIMMER AUSTRIA** as well as our customers.
